Navid Noor Polymer

Innovative Excellence in Petroleum-Based Products Navid Noor Polymer

At Navid Noor Polymer we proudly stand at the forefront of manufacturing high-quality premium petroleum jelly, paraffin oil, paraffin wax and cable protection compound products. With decades of expertise, we serve a multitude of industries, with a strong focus on the cosmetic and skincare sectors. Our commitment to innovation, quality, and customer satisfaction has established us as a leader in our field.

Our Product Range:

1. **Petroleum Jelly:** Our range of refined petroleum jelly products, available in various grades, is a staple in skincare and cosmetic formulations, valued for its moisturizing and protective properties.
2. **Paraffin Oil:** Renowned for its purity and consistency, our paraffin oil is a preferred choice for cosmetic manufacturers, offering excellent emollient properties.
3. **Paraffin Wax:** We provide a spectrum of paraffin wax products, ideal for a wide range of applications in the cosmetic industry, known for their stability, consistency, and versatility.

Cosmetic and Pharmaceutical White Petroleum Jelly

Quality and Compliance:

Quality is the cornerstone of our operation. At Navid Noor Polymer, we ensure that every product undergoes stringent quality checks, adhering to both national and international standards. Our state-of-the-art facilities are equipped with advanced testing laboratories, ensuring that each product batch meets the highest quality benchmarks. We are fully compliant with all relevant industry regulations and standards, ensuring safe and reliable products for our customers.

Customization and Innovation:

We understand that each client has unique needs. Our R&D team specializes in developing customized solutions, tailored to specific industry requirements. Whether it's adjusting viscosity, texture, or refining properties, we are adept at creating bespoke products that align with our clients' specific demands..
